

Notice of Special Health Examination (Hazardous Chemical Handlers) FY2026

Due to the amendments to the Industrial Safety and Health Regulations enforced in April 2024, the implementation of risk assessments for the handling of hazardous chemical substances has been strengthened ([Environment, Health & Safety Office](#)) .

Eligible Individuals

□ Undergraduate, graduate, and research students who have handled hazardous chemical substances in experiments or practical training within the past year, and who have been identified as requiring a special health checkup based on the results of a web-based survey. □ For details on the substances handled, please refer to [HERE\(こちら\)](#). *Individuals who are not handling hazardous chemical substances at the time of the survey are not eligible.

Web Survey

Period: Monday, September 7, 10:00 a.m. - Monday, September 28, 10:00 a.m.

Complete the survey on the Health Administration Center [website](#). An institutional account is required. After logging in, select "Special (Hazardous Substances)".

Input during the survey period is mandatory. If additional confirmation is needed, complete submission no later than October 5, 10:00 a.m.

Students Identified as Requiring the Examination

After submitting the web survey, print the following forms on A4 paper:

- Student Special Health Examination (Hazardous Substances) Examination Form
- Simple Survey of Working Conditions

After the examination, obtain the supervising faculty member's signature or seal in the Faculty Confirmation Section of the Simple Survey of Working Conditions form and retain the document in your laboratory or department.

Examination Schedule

Dates: October 7 and October 8, 1:30 p.m. to 3:30 p.m. (appointment required)

Venue: Health Administration Office Please enter from the 1st floor entrance.

Items to Bring

- Student Health Checkup Form for Hazardous Substances

*Please print on A4-size paper and bring it with you.

- Simple Survey on Working Conditions

*Please fill in any blank sections yourself and bring the completed form.

- Student ID Card

Important Notes

- ☐ Students who do not bring the printed Student Health Checkup Form for Hazardous Substances (A4 size) and the Simple Survey on Working Conditions form will not be able to undergo the special health checkup. Please note that digital devices such as smartphones are not accepted for the health checkup. We appreciate your cooperation.
- ☐ To undergo the Special Health Checkup for Students, you must first complete the Regular (General) Health Checkup. If you have not yet received the Regular (General) Health Checkup, please check the Health Administration Office website for details. → Notices → “Health Checkup for Students Engaged in Radiation Work or Handling Hazardous Chemicals Who Did Not Undergo the Regular Health Checkup in April”
